BUILDING PLOTS, WINDWARD ESTATE, ENGLISH HARBOR

US\$2,200,000

Windward Estate is the best address in English Harbour, Antigua.

It provides the opportunity to build one of just 29 low density contemporary designer homes set among 93 acres of land along with a charming 12 room small boutique hotel and the popular Catherines Café.

Among the homes that have already been completed there are opportunities to have bespoke custom-built villas with private pools designed by an acclaimed Italian architect and built to a high standard by one of the best developers in the Caribbean, with generous plots from 1.75 to 3 acres available from US\$ 2.2m just steps from beautiful Windward and Pigeon beaches.
