Richard Watson MRICS - Chartered Surveyor

DEVELOPMENT LAND, FALMOUTH, ANTIGUA

US\$1,700,000

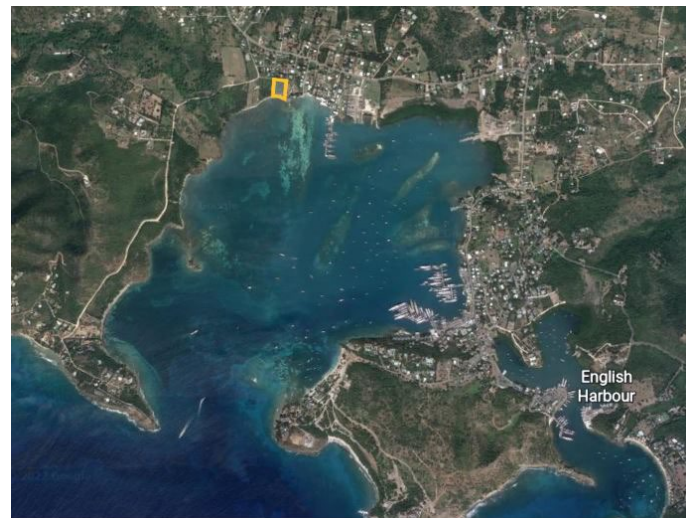

A prime waterfront development plot of 1.35 acres with 220 feet of beachfront in Falmouth Harbour, already having outline consent for residential or commercial use.

Situated between an established luxury residential development and a proposed boutique hotel there are numerous possibilities in a harbour full of superyacht marinas that lacks hotel rooms and condos.

Just minutes from the historic Nelsons Dockyard UNESCO world heritage site.

Please call Richard Watson for further details.
